1. Since we do not open until 1:00, we need to add a \$20.00 hour fee on to the regular cost if you want to start before 1:00.
2. If food is served, there is a \$125.00 cleaning fee, for any clean up. The fee is refundable if the area is cleaned.
3. Our normal closing time is 7 p.m. Any time after that will add a \$20.00 fee per hour. This can be waived depending on the amount of customers in the Post.
4. You can arrange the tables and chairs whatever way you need to. After your meet is finished, please return the tables and chairs to the original order.
5. All beverages will be available at the bar. However, if you want to provide your own water and soda you can.
6. Parking is available in our lot. Please tell your people to pull their vehicles forward to the ground post. The dirt lot behind the Post has been used for any over flow parking. The city owns the lot and there is a "No Parking" sign. However, this has never been enforced. DO NOT park in the market lot. They will call a tow truck. This is for market customers only.
7. All or any alcohol must be purchased from the Post. No minors are allowed in the bar area.
8. All fees are donations(cash only) that are used to assist Veterans and their families. All donations are paid up front prior to use. A tax donation slip will be given if required.
9. Any children must be supervised at all times.
